

PROVIDER ALERT

JULY 1, 2013—RATE INCREASE IMPLEMENTATION— UPDATE

JULY 26, 2013

ValueOptions has recently completed the update of our systems to reflect the new rates for July 1, 2013. The adjustments will be completed in the July 30, 2013 check run. Claims for services July 1, 2013 and after will be adjusted to reflect the new fee schedule. You should see an increase in the pages in your PSV noting these transactions.

If for some reason, you billed the PMHS at the old rate for services after July 1, 2013, you will need to send in a corrected claim.
