

PROVIDER ALERT

SUBSTANCE USE DISORDER--LABS

JANUARY 13, 2015

Substance Use Disorder (SUD) providers can use any Maryland Medicaid approved lab (Provider Type 10) for processing of laboratory work. Authorized lab service and their reimbursement rates can be found here: http://maryland.valueoptions.com/provider/claims_finance/SUD-Fee-Schedule2.pdf . Labs need to be registered with ValueOptions Maryland to make sure payments can be made.

Providers should check with their lab providers to make sure they have completed the registration process.
