

PROVIDER ALERT

ABA Provider Council And BCBA CEU Event

Beacon Health Options Presents:

"Promoting An Ethical Culture: Assessing Your Protection Against Fraud, Waste, And Abuse"

March 11, 2019

Beacon Health Options will be hosting the quarterly ABA Provider Council meeting at our Beacon Health Options office located at 1099 Winterson Road, Suite 200, Linthicum, MD 21090. These meetings are an opportunity to receive updates from the Maryland Department of Health (MDH) and Beacon and to participate in the discussion of agenda items. The agenda for the first quarterly meeting in 2019 will include information related to compliance with the Medicaid program's ABA regulations. The ABA Provider Council Meeting will begin with a CEU presentation covering lessons learned from our most recent audits. ABA provider group owners, executives, billing specialists and BCBAs are all ***strongly encouraged*** to attend this event.

The event will be held on:

Thursday, March 28, 2019 @ 10 AM - 12 PM

One Type 2 CEU will be available to eligible BCBAs in attendance at no additional charge. The CEU requirements for this event remain within the standards and expectations as outlined through the BACB for both in-person and online participants. Once the Webex has ended, you will be required to submit the verification code via email to:

abamarylandproviderrelations@beaconhealthoptions.com

Those who do not submit the verification codes and/or survey within **24 hours** will be deemed ineligible for the FREE CEU.

CEU certificates will be mailed directly to the BCBA or BCBA-D via mail to the address that was provided at registration. CEU certificates will be mailed within 30 days of the event.

Provider Council questions or concerns should be sent IN ADVANCE of the meeting via email to: abamarylandproviderrelations@beaconhealthoptions.com by the close of business on Tuesday, March 26, 2019. **Questions not sent via email by Tuesday, March 26th, 2019 cannot be guaranteed an answer at the provider council meeting.**

For those unable to attend on-site, we will be using the webinar format. You will need to log into a webinar link which is in a “listen only” format; you will not be able to freely ask questions. This format minimizes the background noise so that all participants will have an equal opportunity to hear. Providers participating remotely may type into a “question and answer” pane that is part of the webinar. We encourage participation through this format for questions or discussions on items that are raised from the agenda. Program-specific claims issues will not be addressed in the meeting.

Please use the attached link to register for this event:
