

## **Provider Alert**

### **Incedo Provider Portal (IPP) Webinar: Utilizing Client-Level COVID-19 Vaccine Status Data Files**

**September 2, 2021**

**Target Audience: All Behavioral Health Providers**

The Maryland Department of Health (MDH) Behavioral Health Administration (BHA) believes providers like you, having trusted relationships with your clients, can help increase the COVID-19 vaccination rate amongst unvaccinated clients serviced within the Public Behavioral Health System (PBHS). To help positively impact vaccine confidence and access, MDH BHA is offering 3 (three) provider webinars that demonstrate how providers can use client-level COVID-19 vaccine status data from the IPP in your vaccination outreach efforts.

Providers may choose to participate in any of the following dates and times:
